In addition to its list of highly desirable retailers and restaurants, including American Eagle, H&M, Real Canadian Super Store, Sears and The Keg Steakhouse and Bar, Lansdowne Place boasts an exceptional location that services both year round residents and tourists. The Greater Peterborough Area (GPA) is the regional hub of east central Ontario and, as a major "cottage country" hub, it experiences a dramatic jump in population of approximately 30,000 during the summer. The area's proximity to major markets in Canada and the north eastern United States, combined with effective transportation systems that include a newly upgraded commercial airport and access to The 401, makes Peterborough an unparalleled setting as a business location.
